BREEZELESS E - WALL MOUNTED

The highly efficient i-Cube Breezeless E wall mounted units feature the 'i-Eco dashboard' so users can see the energy consumption data of the systems on their APP.

The units also benefit from a rapid cooling and heating function which cools or heats a room in just 10 minutes. When the 'Follow Me' feature is activated, the remote acts as the thermostat, helping to further extend the units range and adjust comfort levels accordingly.

RAPID COOLING AND HEATING FUNCTION
Cool & Heat Flash Plus rapidly heats or cools a room in just 10 minutes.
Cool Flash Mode 6.3°C cool down in 10 mins.
Warm Flash Mode 9.4°C warm up in 10 mins.

I-COMFORT MODES
Breezeless Mode
The air deflector is closed, the cold airflow is blown out through the microholes on the air deflector, and the strong air flow is diffused.
Breezeaway Mode
At the touch of a button, the airflow direction is automatically adjusted to the maximum angle to prevent direct airflow.

I-HEALTH – UV LAMP
The units are equipped with a UVC sterilisation module which uses ultraviolet light to kill bacteria and prevent mould growth. Cold-catalyst filters and Bio (HEPA) filters are also fitted as standard which absorb and decompose formaldehyde, remove dust, odours and other harmful gases such as VOCs and neutralise bacteria.
I-ECO DASHBOARD
With high precision power detection technology, users can see the energy consumption data of the systems on their APP. View statistics for the day, week, month, and even the current year. Every kilowatt hour of the systems can be seen clearly.

OPTIONAL MULTI-FUNCTION BOARD
Offers volt free switching from third party controls and a fault status output. It also allows the range to be integrated into a Midea central controller or to be controlled via a Midea 2 core hard wired controller with 7 day timer.

BUILT IN WIFI
Control the air conditioner easily via the SmartHome app on your smartphone. With just a simple swipe, you will be able to turn on/off the air conditioner and select the appropriate mode and temperature. Voice Control available by Alexa & Google Assistant.
